

A highly skilled design professional with 20 years in brand marketing and communications, I balance an inspired aesthetic sense with clear messaging and audience engagement. With experience leading most major types of collateral from concept to completion, I see the big picture while getting down to the crucial details.

- Advanced knowledge of Adobe CC (InDesign, Photoshop, Premiere, Illustrator, Dreamweaver) and Microsoft Office (superior PowerPoint skills) for compelling storytelling.
- Exceptional organizational skills to gracefully manage multiple projects; ability to excel independently, and a natural at leading a team with a positive outlook under deadlines.
- Focus on accessibility and diversity; from serving the Deaf Community, to global Microsoft communications.
- Insight into workflows to streamline turnaround and interaction with partners, optimizing for scalability and extensibility, including localization.
- Experience across audiences – public clients and customers, donors and investors, vendors and internal stakeholders – and sectors including technology, health care, education, retail, finance, and the arts.
- Strategic thinker with a passion for elegant design principles.

Digital & Print Design

- Versatile across deliverables – booklets/whitepapers, email, infographics, newsletters, catalogs, direct mail, brochures/onesheets, reports/presentations, RFPs, advertising, signage (tradeshow, directional, POS), logos – with an awareness of associated standards and outstanding visual appeal.
- Social media interactions: posts, building followers, online advertising, tracking metrics.
- Cohesive translation of concepts through production: typography, color management, paper, pre-press.
- Photography including portraits and product photos, image processing, retouching and editing.

Video Production

- Creative eye for editing with Final Cut Pro X and Premiere, with an ability to cut to the heart of the story.
- Shooting with Nikon and Canon DSLR cameras/lenses; knowledge of related formats, lighting, captioning.
- Experience working with a video crew, providing direction, timeline, and a comfortable presence.
- Extensive background in audio production – recording with multiple microphones in studio and location settings, mixing and editing (Cubase and Logic); composing music and sourcing soundtracks.

Web Design & UX

- Ability to craft an intuitive UI/UX; feel for color, imagery, and flow. Attention to brand compliance, asset organization in a Content Management System (CMS), technical requirements from mockups to publishing.
- Current knowledge of HTML/CSS techniques (design and front-end development), with an understanding of WordPress, JavaScript/jQuery, SEO, accessibility and cross-browser compatibility.

Allyis, Inc. | Kirkland, WA**Design Lead, Microsoft** | August 2013 – Present
